Selectmen's Meeting

NOVEMBER 20, 1984 - by VIRGINIA ARRAL

POLICE CHIEF MORAN BRINGS SELECTMEN GOOD NEWS

"Feather in our hat", says the Board.

Police Chief James Moran had good news for Selectmen last Tuesday when he informed them of the $4,000 state grant he received to assist the department in patroling the roads for drunk drivers.

Chief Moran said he applied for the grant on January 29th and received word on the approval this week. "This is an honor for Mattapoisett as there were only 18 towns in the Commonwealth to receive these funds," Moran said.

Moran said the funds are to be used strictly for personnel and not for equipment, but that "we are permitted to use the patrols when we feel it is necessary". He explained he intends to use them on Thanksgiving Eve, during the holidays specifically and on weekends.

The Chief said the funds are good until March 29, 1985 and will have to be kept in a separate account by the town treasurer.

Selectmen agreed this grant is "a feather in our Hat", and the town is very proud of the police department and grateful for the state assistance.

Moran noted this extra two-man team will be especially useful for drunk driving patrol because you really need two officers to handle drunk drivers. For one reason, offenders have to be taken to Wareham and

this takes time away from other duties. The Chief added that in 1982 there were 19 drunk drivers apprehended; in 1983, 38; and so far in 1984, 32, plus 48 protective custody alcohol related incidents.

Chief Moran also informed Selectmen he has applied for another $4,000. state grant to purchase a Breathalyzer Machine (used to record the percentage of alcohol in a person's blood).

STATE REPRESENTATIVE-ELECT BRADFORD MEETS WITH SELECTMEN

John C. Bradford, State Representative-Elect for the 10th Bristol District (which includes Acushnet, Fairhaven, Marion, Mattapoisett and Rochester) met with Selectmen to discuss his plans for meeting Mattapoisett residents on a regular basis to discuss specific questions. At other times he plans to have open sessions to meet the public.

Bradford said he expects to visit Mattapoisett on a five-week basis and would like to use a room in the Town Hall. Selectmen recommended a Tuesday night when the Town Hall is open for other departments. The Board felt sure it could accommodate him with office space. Carol Adams, Executive Secretary, suggested that Bradford notify her two weeks in advance of his visit so a notice could be placed on the Selectmen's agenda.

Selectmen said they are very happy to work with him and look forward to a pleasant and informative association. The Board recommended to Bradford he should bring his new assistant to meet its members so they will know who to communicate with when he is not available.

Bradford also said he intends to send out a Home Rule Report, probably on a quarterly basis. Bradford concluded by saying, "My life will never be the same, but I've looked forward to this for many years."

at Ned's Point Park on Thanksgiving Eve. This time the permission held conditions: 1) That the person signing the permit obtain insurance to cover any liability and 2) that at least two police officers be in attendance.

Following Selectmen's approval at its November 13th meeting, the Old Rochester Regional District School Committee's Chairman Patricia Ryan wrote to the Board expressing the committee's objections. Their objections were based on the posters that were displayed in the school which did not identify the Gridiron Club's Bonfire and Rally as a private event and that it was not school-sponsored. The School Committee wanted it understood it would not accept any responsibility or liability for the event.

President of the Gridiron Club Donavan Feaster and members, Mr. and Mrs. Paul McCabe, met with Selectmen to urge their approval and to dispel the concerns of the school committee. Mr. Feaster said, "Last week you approved our request and now with a few phone calls and a letter you change your minds. Are you governed by a small group of people?" He added that two months ago they applied to the school committee to hold the bonfire and rally on the school grounds but were turned down.

Mr. Feaster said there should be more school and community spirit. "We, as parents and residents, have spent time and money on the Club and we feel there is a need for such a group." He noted five years ago the club held a similar event with no problems.

His claim of no problems was echoed by Fire Chief Donald Wood. He said, "Speaking only for the Fire Department, we've never had any problems in the past -- and I've attended some of them."

Police Chief James Moran noted that five years ago there was need for extra police officers. He said he expected the Club to have at least two officers and at their own expense. Moran noted it's a tough place to drive in and out of and there is a limited space for parking.

Town Counsel Donald J. Fleming's legal opinion was that approval could be granted on the condition whoever signed the permit be personally responsible if anything goes wrong. (The town is not liable even though it is on town property.) Fleming advised the person signing to obtain an insurance policy for 24 hours to cover any liability.

Selectman James Huntoon reponded to Feaster's question on who governs the Selectmen by saying, "Naturally we were concerned when we get a letter like that from the school committee. These are people who deal with young people on a day-by-day basis and they had negative views of the event." Principal Donald Murphy called the executive secretary and expressed, as Carol Adams said, "negative vibes to the rally". Huntoon added, "So as to have a positive experience, if the club is willing to pay for an extra officer, the town will pick up the tab for a second officer." Feaster and McCabe agreed to this and all conditions.

Hyperopia or farsightedness is a vision condition in which closer objects appear blurred and objects further away are seen more clearly. Many people are born with a small degree of farsightedness. A greater degree of farsightedness can cause tension, fatigue, headache, poor reading ability and a lack of concentration. Farsightedness can be diagnosed through an eye examination and is effectively corrected with eyeglasses or contact lenses. Call for an appointment today.

GRIDIRON CLUB EXPRESSES ITS APPRECIATION

On behalf of the Gridiron Club I want to express my appreciation to the Mattapoisett Town Departments for their cooperation and assistance in making the Bonfire/Rally at Ned's Point last Wednesday evening an enjoyable event for the approximately 300 students, parents, coaches and Old Rochester Regional football members in attendance.

In particular, I want to thank the Board of Selectmen for realizing the positive benefits to having a rally and issuing the necessary permits. I want to thank the Police and Fire Departments for their help in supervising the rally that evening. A special "thanks" is extended to Manny Nunes of the Highway Department whose assistance in building the bonfire made the event a memorable one.

Sincerely, Paul McCabe
Vice-President, Gridiron Club

"A SPECIAL THANKS"

The first and second grades of Rochester Memorial School are grateful to the Rochester Woman's Club in allowing them to use their building and facilities for "A Thanksgiving Re-enactment".

The parents were most helpful in donating their time, materials, food, cooking and craft expertise to make this day a huge success.

Thanks also go to Rev. Fillebrown for enabling us to use the church facilities to re-enact Pilgrim Thanksgiving worship.

The community cooperation of all of these groups is deeply appreciated.

"We do not know where this urban myth began, but the only way that kidney patients can benefit from the collection is if the tops are turned in to be recycled and then the persons, in turn, donate the money to the Foundation," said Michael Curren, Executive Director of the Massachusetts affiliate of the National Kidney Foundation.

Glass Museum

GLASS MUSEUM ANNOUNCES NEW HOURS

The New Bedford Glass Museum announces that it is expanding its public hours. Beginning Monday, November 26, the Glass Museum will remain open an additional hour until 5:00 p.m.

The Glass Museum is also expanding its schedule of public viewing days. The Museum will now be open seven days each week, through most of the year. The Museum will only be closed on Mondays from January through April, and on the traditional holidays of Thanksgiving, Christmas, New Year's Day and Easter.

The Glass Museum's new schedule will be Monday through Saturday, 10 - 5, and Sundays, 1 - 4. The New Bedford Glass Museum is located at 50 North Second Street, in the Waterfront Historic District.

In announcing the expanded schedule, Museum Director Janie Chester Young commented, "We feel that tourism and shopping in the Historic District is very strong. Our old schedule simply wasn't meeting the demand, and we hope these new hours will make the Museum more accessible both to tourists and our Glass Shop customers. By remaining open on Mondays throughout autumn, the many foliage season tourists will be better served."

"A CARAVAN OF DANCE DELIGHTS"

Audiences at the Marion Art Center on December 1 will experience an evening of Oriental and Mid-Eastern flavour. Two different dance companies, "Ariel Dancers" of Cape Cod Community College and "Stars of the East", will present a program of dance at 8 p.m. at the Art Center, 80 Pleasant Street, Marion.

"Ariel Dancers" is a modern dance group comprised of present and past Cape Cod Community College students. It was organized in 1980 by artistic director and choreographer Marcia A. Mellor. Chinese cosmology where the "feminine passive" and the "masculine active" produce all that comes to be. "Fledgling", a second vignette, will express the process a mother and her three daughters go through in their changing, maturing relationship. In the final segment, "Rites", the dance group portrays the game of survival between the predator and prey, ending in primal celebration.

Marcia Mellor is an artist in many fields. In addition to her work in dance, she is a sculptress who has had myriad one-man shows encompassing the eastern seaboard. She has also produced, directed and choreographed many video productions. She is a lecturer, a teacher of dance and a photographer.

The scent of mid-Eastern spice is added to the evening by the "Stars of the East" (Noujoum el Shark), a company of Oriental dancers, who perform folk dances of Egypt and the Middle East. The costumes, choreography and music reflect the Arabic culture. All members of the company are solo performers who dance professionally throughout the New England area. 'Katia', Katia Nordgren is the director, 'Amera', Anita Perry, 'Izmira', Dorothy Eden and 'Leila', Diana Azevedo will provide a taste of the Orient on December 1 at 8 p.m.

The round robin competition was held November 17th and 18th, with teams from Dartmouth, Swansea and Tiverton also playing. Jason Hirst, Marc Merusi, Scott Gamache, Chad Foster, Justin Swain, Jim Adams and Matthew Jordan all played a good game.

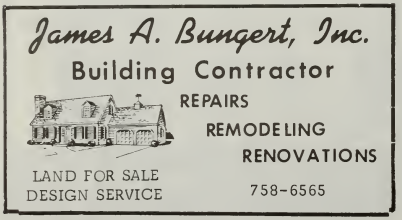
Art Show Benefits Tobey

PHYSICIAN ARTIST TO HOST BENEFIT ART SHOW

An array of watercolor creations by physician artist, Dr. Charles Parsons, will be on display at the Rogers Gallery, 26 Fairhaven Road, (Route 6) in Mattapoisett, beginning



DR. CHARLES PARSONS PAINTING SEASCAPE

December 8th and continuing through the month. Selections featured will include local scenes of landscapes, beaches, seascapes, cranberry bogs, and scenes of the colorful tugboats at the Sanchez Marine in Fall River. Close to 50 paintings have generously been donated by Dr. Parsons for the exhibit and sale, with all proceeds to benefit Tobey Hospital.

Given the hardships facing community hospitals, the continuing need for updated technology, and his fond fifteen year association with Tobey Hospital, Dr. Parsons chose to host the benefit. The art show will give people the opportunity to purchase artwork for themselves, or as gifts, and thereby contribute to their community hospital. Viewing hours at the Gallery throughout the month

will be Tuesday through Saturday, from 10:00 a.m. to 5:00 p.m., with the opening of the show from 6-8 p.m. on Saturday, December 8th. For further information please call the Gallery at 758-9014.

Dr. Parsons' artistic talents are self-taught. Sparked by the encouragement of his mother, a commercial artist, he has seized every opportunity over the years to visit museums and galleries and to study the work of other artists. The Museum of Fine Arts in Boston and when in France, the Jeu de Paume, are two of the artist's favorites. Second only to his love for his family and orthopedics, art is a recreational escape from the usual in the orthopedic surgeon's life. Summers often find the artist and his family on Nantucket and Martha's Vineyard where he especially enjoys painting on the beaches. Generally, his subjects are the environment, and watercolors afford the opportunity of stopping at a moment's notice to capture what he sees around him.

"Everyone should sketch what they see around them," suggests Dr. Parsons, "not to paint a picture, but to capture a view. The resulting drawing may be discarded, but the image will remain." He believes anyone with average coordination and intelligence and an earnest interest can learn to draw or paint. In attempting to sketch what we see, we further appreciate the beauty of the world, the colors, textures, and smells, often overlooked.

Art work by Dr. Parsons has been shown at the Marion Art Center, in private collections,

at various colleges and hospitals, and the Massachusetts Physicians Art Society. In an effort to generate income to support the arts, Dr. Parsons hosted a successful benefit art show for the Marion Art Center. In other exhibits he and his sister, also a talented artist, have featured their paintings together. Dr. Parsons' son, a student at Tabor Academy, holds art as one of his majors. A showing of father/son paintings and drawings is anticipated in the Spring.

If time would allow, Dr. Parsons would love to teach art, particularly to children and to senior citizens. Another special interest of this artist is the challenge of painting animals. The near future may find him attempting to capture the excitement of horse racing in watercolors, the colors of waving banners and the silks of the jockeys, and the beauty of thoroughbred horses, perhaps at Saratoga Racetrack.

The public is invited to visit the Gallery during December and to join Dr. Parsons in recognizing the vital need for supporting our community hospital.

Lloyd Center

BIRD WALK THIS SUNDAY

The Lloyd Center for Environmental Studies will hold its First-Sunday-of-the-Month Bird Walk for December on Sunday, the 2nd, starting at 9 a.m.

During the winter months residents of coastal areas have the opportunity to observe the many species of waterfowl who spend their winters in protected waters. The Lloyd Center has been generously given permission to visit privately-owned coastal properties which, because of their limited access, provide a relatively undisturbed, and so attractive, feeding and resting area for these hardy birds. Although it is difficult for us to imagine being warm enough on Buzzards Bay's wintery waves, waterfowl have adapted to the rigorous habitat through certain designs in their circulatory system and feathers.

Join us for a morning of observing these remarkable winter residents. All interested participants should meet at the Lloyd Center, 430 Potomska Road, South Dartmouth, and be prepared to spend about two hours outside. Please call the Center at 990-0505 if you plan to attend.

New Medicare Criteria

MEDICARE ADMISSIONS TO BE MONITORED IN HOSPITALS

The medical community of Massachusetts was advised that as of November 1, 1984 a new set of criteria to monitor Medicare patient use and quality of care will be in effect.

The Federal Government has designated the Eastern Massachusetts Professional Standards Review Organization to be this state's Professional Review Organization (PRO). As such this group will oversee the entire process for Medicare.

The areas that will be open to review will be admissions for "elective" surgical procedures, medical back problems, and a range of "diagnostic" admissions -- mostly for digestive tract problems. Also to be monitored are "over" and "under" use of hospitals to insure quality of care for patients.

Closely watched will be premature discharges for asthma, bronchitis, and pneumonia; inappropriate "elective" surgery; unnecessary transfers from acute care hospitals to rehabilitation hospitals; and inappropriate use of surgical day care.

As a result you may expect a waiting period

TWIN- SUPPORT GROUP ORGANIZED

TWIN (Team Work for Inter-Nursing Home Services, Inc.) is now filling a long-felt community need by organizing a support group for families with relatives in area nursing homes. Called TFT, TWIN's Families Together, its goals include holding monthly meetings with professional speakers to address such questions as: how to choose a nursing home, how to help the elderly adjust to life in a nursing home, how the relatives can adjust emotionally to the new situation, etc.

Many communities already have such groups. It has been found that by sharing one's concerns with others who have the same problems, one can find strength and solutions.

The first meeting, open to the public, will be held on Tuesday, December 4th, at 7:30 p.m. in the Southworth Library auditorium. The speaker will be Hank F. Fairman, BA, MSW, Director of R A T E (Programs for Elderly), Family Service Association of Bristol County, located in Fall River. He will talk about the aims of the group and answer audience questions.

Helen M. Shanley is Executive Director of TWIN. Delores M. Piazza, Associate Director, will be Co-Director with Mary Lindenberg of TFT.

National Home Care Week will recognize the work of thousands of dedicated professionals who make it possible for more than five million elderly, disabled, and home-bound individuals to receive skilled health and social services in the privacy and comfort of their homes.

The Massachusetts Easter Seal Society, which received certification as an official home care provider in 1983, has a staff of approximately 70 nurses, therapists, home health aides, and social workers.

In proclaiming National Home Health Care Week, President Reagan said, "As in integrated part of our health care system, the home setting can offer the comfort of familiar surroundings and the flexibility of personalized treatment. It can preserve the dignity and independence of individuals and prevent or postpone institutionalization for millions of patients each year."

In New Bedford, Easter Seal Home Health Care is located at the Society's regional office, 1145 Purchase Street. It is directed by Agnes Hiener, Regional Nurse Supervisor.

The unique aspects of Easter Seal home health care include one toll-free number (1-800-622-2600) that can be called from anywhere in the state to acquire services. In addition, Easter Seal home care clients have access to other programs such as stroke clubs or community recreation programs which

VICTORIAN CHRISTMAS AT BURGESS MUSEUM

At the Thornton W. Burgess Museum in Sandwich Village a tradition is carried on as the museum celebrates its 5th annual Victorian Christmas Open House on December 7th, 8th and 9th. Here, in one of Sandwich's older homes, the nostalgia of Christmas past will be evident in the authentic period decorations, seasonal musical entertainment and holiday goodies served by gracious hostesses in Victorian dress.

On Friday evening, December 7th, Open House will be held from 6 to 9 p.m. At 7 p.m. all are invited to join in caroling around "the littlest Christmas tree" outside on the museum lawn to be followed by the "Lighting-Up Procession" through the Village.

Victorian Christmas continues on Saturday, the 8th, from 10 a.m. to 5 p.m. The holiday spirit will be brightened with harpist music from 10 to 11:30 a.m. and the instrumental group Folk Spirit from 1 to 4 p.m. Children from the Covenant Baptist Church in Forestdale will perform in a living creche outside on the museum lawn from 3 to 4 p.m.

Special activities are planned for the children on Sunday, the 9th, with the arrival of St. Nicholas expected at 1:30 p.m. Burgess Society Naturalist Stu Parsons will entertain the little folk with a Christmas Bedtime Storyhour at 4:30 p.m. beside the cozy fireplace. Children are invited to bring along their own favorite stuffed animal friend. Popular local vocalist Jane Ellis will sing songs of the season throughout the afternoon.

Plan to come and share in the warmth and charm of an old-fashioned Victorian Christmas at the Burgess Museum as historic Sandwich Village begins a week-long celebration of "Christmas in Olde Sandwich Village".

Chanukah Concert

TO FEATURE VOICE OF THE TURTLE

Voice of the Turtle, a quartet of singers and musicians whose performances draw on the rich musical heritage of the Sephardic Jews, will be featured in a Chanukah Concert at Bristol Community College on Wednesday, December 12. The concert will begin at 7:30 p.m. in the Arts Center Theater.

The Sephardic Jews who settled in Spain and Portugal developed a unique musical heritage. After being exiled from Spain in 1492, they preserved the sounds of their own Judaeo-Spanish culture and combined with elements of the musical tradition of those lands through which they traveled.

Challenged by this history, Voice of the Turtle creates concerts which evoke images of biblical history, holiday ritual and the paths of exile. Using biblical "pipe and timbrel", "harp and psaltery" together with the historical instruments of the Medieval and Renaissance periods, the artists capture the beauty inherent in the liturgical folk expressions of an ancinet and vibrant culture. Because each member is able to perform on many instruments, Voice of the Turtle concerts present a wide variety of atmospheres and time periods.

Since 1979 Voice of the Turtle has performed before enthusiastic audiences at colleges and synagogues throughout New York and New Eng-

semble of actors, singers and musicians presenting a full array of traditional Christmas carols. The carols are interwoven within the story of Ebeneezer Scrooge and all the beloved characters from Dickens' novella of the 1800's. The familiar cast of characters - crotchety old Scrooge; the apparition of his former partner, Jacob Marley; the ghosts of Christmas past, present and future; and lovable Tiny Tim - are joined by an exuberant ensemble of singers and dancers. Spectacular costumes, sets and special effects have thrilled audiences throughout the country. No one will leave the theatre with a "bah, humbug" attitude after seeing this traditional Christmas tale!

Silverstein's Holiday Series will also present The Nutcracker on December 14 through 16 and a New Year's Eve Celebration featuring James Dapogny's Chicago Jazz Band on December 31st. Louis Silverstein of Silverstein's states, "The Holiday Series is our way of saying thank you to the people of a community that has been very good to us."

Parkwood Hospital

THREE-YEAR ACCREDITATION RENEWAL

Parkwood Hospital has been awarded a full three-year renewal of its accreditation by the Joint Commission on Accreditation of Hospitals, announced Robert F. Davis, the hospital's executive director.

This significant accreditation follows two two-day inspections by a team from JCAH in March and July. The team consisted of a physician, a hospital administrator, a laboratory specialist, and a registered nurse who evaluated Parkwood's performance in 24 different areas and departments, applying the JCAH's stringent standards to all facets

of the hospital's operations, policies, procedures and patient care. Following their visit, the team made its recommendations to the Joint Commission's governing body in Chicago for their final accreditation decision.

"Earning accreditation demonstrates Parkwood's continuing commitment to provide quality care and improved services", said Mr. Davis. "We are particularly pleased to be one of the few hospitals awarded a full three-year accreditation without requiring interim follow-up inspections. Parkwood Hospital is pleased to offer its fully accredited status to the people we serve in greater New Bedford." Because the number and extent of regulations is constantly growing, it is becoming increasingly difficult for any hospital to fully meet the JCAH standards, with most facilities only partially accredited or accredited with contingencies that require a JCAH return visit during the three year period.

JCAH accreditation is a voluntary process which also meets Massachusetts' licensing requirements for hospitals. It is reserved only for facilities that meet the highest professional standards of patient care. The Joint Commission is a private-not-for-profit organization created by health care professionals in 1951. It is governed by representatives of five national health care organizations -- the American College of Surgeons' the American College of Physicians, the American Dental Association, the American Hospital Association, and the American Medical Association.

The Gift of Warm Feet ...

Wouldn't it be Loverly?

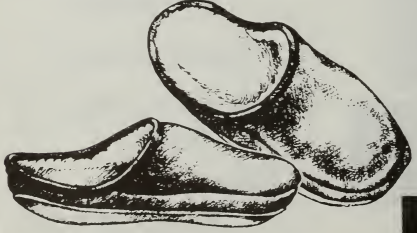
Fleecy Feet

Imagine being ankle deep in sheepskin? Oh ewe! The **ACORN OH EWE™ Sheepskin Slipper** puts you there.

They wrap your feet right to the ankle in a plush, soft-fitting blanket of fleece. These are slippers that whisper warmth and comfort.

The **Acorn oh ewe**, made of sheepskin with the fleece left on, promises years of soft-stepping. Not only is the **Acorn oh ewe** double lock-stitched but it is also double-soled with a thermal foam insert to insure an even more cushioned step. To guarantee long, long wear, the outer sole and binder trim of the **Acorn oh ewe** are rugged steerhide. Their quality and craftsmanship are simply incomparable.

You need never have cold feet again! Lay them to rest in a blanket of fleece . . .the **Acorn oh ewe**. Wear them around the lodge, dorm, office or just while relaxing at home.



Heat with sheep

Designed to banish cold feet forever, **Toesters** keep feet toasty-warm the all natural way.

Supple, foot-hugging **ACORN TOESTERS™** wrap cold feet in quick-heating, energy efficient sheep's clothing. And the instant warmth of **Toesters'** fleece is only surpassed by their plush comfort. . .these are slippers to come home to.

Beautifully made of sheepskin with the wool left on, **Toesters** are double locked-stitched to last. And rugged steerhide outer soles are thermal foam lined for extra cushioning. Which makes **Toesters** great for padding about on cold floors. . . or for relaxing in dorm or ski lodge.

Even astronauts warm their feet with Acorns™

America's astronauts know what earthlings have known for years. . .that **Acorns** are something very special.

ACORN RAGG WOOL™ Slipper Socks. . .the original and the best . . . are now the standard NASA slipper, worn by astronauts on shuttle missions into outer space.

The only slipper sock to earn the NASA quality stamp of approval, **Acorns** keep feet cozy and warm and happy. . . and they're built to last, with a supple leather side and sole double lock-stitched to the sock, and a thermal foam innersole for warm, cushiony comfort. And best of all, **Acorns** work their foot-warming magic in orbit or out. . . at home, at the ski lodge, in the dorm, at the campsite, in the car. . . or on a shuttle mission into outer space.
